World Usability Day 2026 Theme and Checklist

Thu., Nov. 12, 2026: Designing a Sustainable Future with Ethical AI

Thursday
November 12, 2026
World Usability Day

Facts

- The 2026 theme is Designing a Sustainable Future with Ethical AI.
- The 2025 theme was Emerging Technologies and the Human Experience.

EVERYDAY USABILITY CHECKS (OUR SUGGESTIONS)

- [ ] Finish one task in an app or website you use, and note where you hesitate
- [ ] Ask someone else to try the same task while you watch
- [ ] Enlarge the text on a screen and see what breaks
- [ ] Read one setting or message that uses AI and ask what it tells you

Not yet confirmed

Austin event date: the organizer's pages show Friday, Nov. 13 and a Nov. 12 listing

Complete event list: the organizer lists chapter pages, not one full list

What I will test or fix for World Usability Day 2026
